SOC & SECURITY OPERATIONS

At Maintech, we provide 24/7 threat detection, analysis, and rapid response through our globally redundant Security Operations Centers.

Our SOC services safeguard your business from evolving cyber threats - ensuring data integrity, compliance, and resilience across every endpoint and environment.

Advanced Threat Intelligence

Incident Response & Recovery

Compliance & Risk Management

MAINTECH

Defense in Action.

Stay one step ahead with 24/7 protection.

Continuous Threat Monitoring

Stay ahead of attacks with 24/7 SIEM monitoring that detects and responds to threats the moment they arise.

Incident Response & Mitigation

When incidents strike, our experts act fast to contain, eradicate, and recover, keeping your business running smoothly.

Security Analytics

AI-powered intelligence that uncovers suspicious patterns and stops threats before they impact your business.

Compliance Management

Stay compliant and audit-ready with security controls and documentation aligned to industry standards.

Vulnerability Management

Proactively uncover and remediate vulnerabilities through ongoing assessments and expert security hardening.

Investigate & Respond

Experts assess impact and coordinate rapid containment and remediation to restore security fast.

Why Maintech?

With a focus on transparency, automation, and measurable results, Maintech acts as an extension of your IT team — protecting your data, reputation, and operations from ever-evolving cyber threats.

MAINTECH

Keep your systems and users running at their best with Maintech.
